Hello there,

this is a new format mailing list we have setup and hopefully there are not going to be too many teething problems. In case you do not want to receive this type of update any longer, please scroll down to the bottom of this message where you will find a link to unsubscribe.

We would like to take this opportunity and wish you and your loved ones a Merry Christmas and a Happy New Year. Enjoy your holidays and especially enjoy the riding with your horse.

Continue reading below for seminar updates.

Cheers,

Thorsten

Seminars

We have the following Seminars coming up in the new year:

- 14-16 February, 2009 – Kumeu, North Island
- 7-9 March, 2008 – Cust, South Island

Content

Part I is open to anyone who wants to learn about the holistic approach of keeping their horse healthy, or get it back to health. In other words, you learn about the three holistic columns: structural, mental, and metabolic health. Topics covered are:

- * Anatomy and Physiology
- * Functional Anatomy
- * Hoof Functions
- * Transition to Barefoot
- * Shoeing and its effects
- * Boarding Conditions

Part II will focus on the practical application of a healthy hoof shape as taught in Part I. This is done through non-invasive trimming techniques on cadaver hooves and illustrative dissections. This day is also interesting for people of have attended previous Strasser Holistic Horse and Hoofcare Seminars.

You can find the [Registration Form](#) here or e-mail admin@ibem.co.nz for more details.

Professional Course

The next intake for the 2-year Strasser Hoofcare Professional Course is in March 2009.

To see a course outline, please click [here](#).

If you would like further info on this unique course that sets you up with skills to work professionally in the field of equine hoofcare, please contact us on admin@ibem.co.nz
